

Mentoring

CRIStAL, Inria Lille and Painlevé are setting up a peer-to-peer mentoring program. This form allows you to register to this program as a "mentoree".

Most of the fields are optional. The idea is that you provide information that you think might be helpful in processing your application and that you are comfortable with sharing with us.

This form will only be seen by the members of the Mentoring Committee. This committee will search for a mentor based on your input. Mentors fill out a similar form. That will allow us to find the best match.
